FIA KARTING

INTRODUCTION

An integral part of the Fédération Internationale de l'Automobile (FIA), the International Karting Commission (CIK-FIA) governs worldwide Events and awards the only official titles of World Champion and European Champion in Karting.

The CIK-FIA is pleased to welcome the representatives of the media to each of its Events, subject to the acceptance of their accreditation, and to send them this information dossier.

THE MEDIA ARE ASKED TO READ THIS FILE CAREFULLY.

2024 ACCREDITATION

Before going to an Event, each media representative must be accredited for the Event(s) of the year and must register on the website www.fiakarting.media. The procedure is explained on the homepage of the site.

The “media” accreditations are issued to journalists and photographers engaged in professional activity related to karting.

Those accredited for an Event have access to the circuit’s general enclosure, the press room and the paddock. This media

accreditation does not give access to the track or the Parc Fermé. Subject to being at least 18 years old, accreditation holders who wish to access the track should contact the FIA Karting Media Coordinator and follow the procedure below.

ACCREDITATION REQUESTS ARE TO BE MADE ON WWW.FIAKARTING.MEDIA

PROCEDURE

1 - Only publications, press agencies, freelancers (journalist or photographer) who carry out journalistic reporting on FIA Karting Events may apply for media accreditation. **Individuals, non-marketed association magazines, owners of social networking pages, non-profit freelancers, driver and team staff, and non-journalistic staff of publications may not receive accreditation as Media.**

2 - Photographers and video makers who cover the Event for purely commercial purposes, such as the sale of photos and films to drivers, teams or private persons, cannot be accredited.

3 - Accreditation requests must reach the FIA Karting Media Coordinator no later than 10 days before the start of the Event to be checked before the start of the Event. Any misleading information will result in the immediate termination of accreditation.

4 - To access the track, photographers and video makers must attach a **copy of their insurance certificate to their application stating that they are covered for the risks inherent to their professional activity as a photographer or video maker in motor racing** and provide examples of their previous publications. The Media Coordinator will give them a numbered jacket, in exchange for a deposit of €100. This jacket will be retrieved in the press room.

5 - The organiser reserves the right to limit the number of accreditations. For photographers and video makers, a maximum number of personnel with access to the track can be decided. **A publication can only request accreditation for up to two photographers.**

6 - Smokers: It is strictly forbidden to smoke on the circuit.

7 - The FIA Karting Media Coordinator, in agreement with the Race Director and the Circuit Manager, **will distribute a map of the red zones where no photographers/videographers may park. Access to the track and the pre-grid is reserved for photographers/videographers** with the appropriate accreditation and the official vest issued by the FIA Karting Media Coordinator. The Parc Fermé and the repair area are forbidden to journalists and photographers/videographers, except with special authorisation.
